

Ministry of Football Schools Programme

Excellent
after-school and
in-school football
programmes for
primary schools

Who are we?

We are a football development programme for primary school children. Our products are positive football learning environments.

We operate in Muswell Hill, Crouch End and East Finchley. Over 100 children from Our Lady of Muswell, Coldfall, Muswell Hill and Tetherdown primary schools attend our weekly weekend sessions.

We only employ the very best teachers. They are FA qualified, and are experienced football teaching professionals. All our coaches are CRB checked.

88% of parents said that MoF was their child's favourite weekly activity; 100% said the coaching at MoF was 'Good' or 'Very Good'

Our Values

Inclusion. We welcome all children regardless of their ability, background, experience or confidence with a ball. We believe everyone is special.

Learning. We believe that children will learn to play football by playing football. Our sessions do not include queues, or boring drills, or lengthy demonstrations or lectures.

Enjoyment. Enjoyment is different from Fun. Joy is immersion in Now, the present moment. It is the pleasure felt when nothing else matters except what is right here and right now.

Creativity. We believe it is essential that children are given the encouragement to be creative, to come up with their own answers, and to develop the learning potential to remain creative into their adult life.

"It is the supreme art of the teacher to awaken joy in creative expression and knowledge"

- Albert Einstein

What we offer to schools

We pride ourselves on getting children to enjoy football - especially those children who think they don't enjoy football.

We provide all the equipment. We bring our own portable goals, balls etc. We can operate indoors or outdoors. We are adept running excellent football sessions in small areas.

We are very experienced with all primary school age-groups, and excel at working with mixed ability groups.

Most of our coaches are teachers or trainee teachers. We are confident working with parents and teachers.

"Jade was a shy introverted little girl who loved to kick a ball around. Since she started at MoF she has gained skills and become an outgoing confident girl"

- Jade's mum (January 2011)

In-school hours

We can teach many sessions back-to-back, for different classes. We can work with teachers and classes to meet their learning and curriculum needs.

Our sessions are tailored to the KS1 & KS2 National Curriculum, including modified small-sided games that allow learners to apply the principles of attack and defence and to learn to work together.

We have many years experience of raising the confidence and skill level of beginners, and also of turning the very able into exceptional footballers.

Research by Movement Dynamics estimated that the average 40-minute school PE lesson contains just 8 minutes of activity.

Evaluation of the MoF programme has showed that a 40 minute session contains over 30 minutes of Active Learning time.

After-school clubs

We deliver well-loved football or multi-sport programmes during pre-school or after-school hours.

Our emphasis is on age-appropriate teaching and learning in a safe, positive environment.

We are flexible, well-organised and very reliable. We are experienced at delivering sessions to children of mixed ages, interests and abilities.

Value-for-money, flexible, inclusive and reliable after-hours football programmes
